NEW YORK DIVISION, ELECTRIC RAILROADERS' ASSOCIATION

List of NYCTA Capital Budget Requests for 1961 Page 3
 BMT and IRT Roll Sign ListsPage 2
 New Haven RR Electric Locomotive Roster Page 4

END FOR BMT BX's is in sight. These consist of a 2400-series 67 ft. BMT subway semi-permanently coupled on each end of a 4000-series trailer. The first few units are in Coney Island shops. The trailer is being removed (and will be scrapped) and a 2600-series (A-unit) will be put in its place with controllers removed. The three cars (2400-2615-2401) will then be "modernized" (unused cabs removed, rewired, painted speckled green and seats altered). The lowest 25 BX's are to be treated thusly, while the upper 25 will have the trailer removed and the two motor cars coupled together into a two-car AB unit. -Hugh Dunne

LONG ISLAND RR is using passenger cars of at least three other railroads in its non-electric service. Coaches 7501-05 are ex-New York Central, have 6-wheel trucks and were built in 1925-7. LIRR designation: P-74-A. Coaches 7521-50 are ex-Boston & Maine built 1935-7, now called P-74-B. Two parlor cars formerly served the Delaware, Lackawanna & Western. No. 2012, the "Hamptons" was the Julia Ward Howe; No. 2011, now called the "Montauk" was the "Virginia Dare" on the DL&W. Incidentally, the merger of the DL&W and the Erie RR into the Erie-Lackawanna is now in effect.

AUTOMATIC TRAIN was demonstrated to the "press" last week. Consisting of R-22 cars 7513, 7509 and 7516, the train operated on the northbound express track of the BMT Sea Beach line between 18 Ave. & New Utrecht Ave. stations. At one end is equipment of the Union Switch & Signal Co. while the other end has General Railway Signal equipment. Our Division member Sy Reich had an important part in developing the latter.

RIDE IRT LOW-V CARS (slightly modified) on the IND and BMT Divisions Saturday, Oct. 29 on the National ERA fantrip. The trip will leave 59 St.-Columbus Circle IND station at 8:30 AM (promptly) and run to the 207 St. Yards, then is scheduled to run non-stop to Rockaway. The IND Concourse-Cuaver and BMT West End lines will also be covered.

IND R-10's 3029 and 3240, involved in a wreck on the center track at 200 St. and 8 Ave., were partly rebuilt by Pullman-Standard in 1958!

RIMOR DEP'T: NYCTA is considering sending the "F" train via Williamsburgh Bridge and Myrtle Ave. to Metropolitan Ave. via the new Chrystie St. connection when completed. Eastern Div. BMT destination signs have been made for the IND R-1--R-9 cars, possibly for above or possibly to equip all Eastern Div. lines with 60 ft. R-type cars and release BMT 2800's for the "GG" line. The R-27's will start delivery next month.

CAR NOTES: All IRT High-V's are permanently out of service. The following are on the scrap line: H-V Motors 3662, 3667, 3700, 3701, 3710, 3711, 3718, 3719, 3721, 3728, 3735, 3744, 3746, 3748, 3754; H-V Blind Motors 4223, 4230, 4237; L-V Motors 4612, 4677, 4698, 4787, 4992, 5040, 5137, 5468, 4654, 4693; Flivver Motors 4041, 4044, 4045, 4057, 4073, 4074, 4086, 4089, 4095, 4101, 4104, 4109, 4110, 4116, 4117, 4118, 4129, 4135, 4136, 4138; Flivver Trailers: 4176, 4178, 4179, 4186, 4187, 4191, 4197, 4198, 4202, 4203, 4206; Low-V Trailers 4522, 4822, 4823, 4856, 4897, 4899, 4924, 5329, 5348, 5350, 5355, 5366, 5372, 5399.

T-60 181 St.-St.Nicholas: Underpass	143,000	7,000	0
T-61 1964 World's Fair-	0	0	12,800,000
T-62 BMT-IRT Power Equipt.& Cables: Modernization	0	0	30,000,000
	\$108,028,000	\$201,196,000*	\$464,021,000

*1961 requests include renewal of \$96,618,000 still unappropriated from the 1960 Budget as of 6/30/60 and \$104,578,000 additional funds.

-Robert Cimsted

These are only requests and the Planning Commission has acted to cut some, especially T-5c and T-68. The TA has appealed for restoration of the cuts and says the 15¢ is threatened if they are not. The Board of Estimate then must act on the Planning Commission recommendations.

Notes: 1- 25000# Baggage capacity; 2- 10000# Baggage Capacity; 3- #5113 has buffet.

NYCTA CAR NOTES: The following IRT Low-V Trailers were transferred to the BMT Div. on Oct. 8, 1960: 4536, 4544, 4549, 4814, 4816, 4826, 4829, 4830, 4852, 4873. They are slated to be used in place of wood work cars or maybe they will be scrapped. The following BMT cars are ready for scrapping: 4584 (ex-IRT); 2903, 2900, 2907, (ex-IRT), 2006 (ex-2500), 2007, 2008, 2031, 2708, 2713, 2768, 2769, 2770, 2866, 2867, 2868, 4000, 4001, 4002, 4003, 4004, 7004, 7006, 7008, 7009, 7010, 7012, 7013, 7015, 7016, 7018, 7023, 7024, 7025.

Six IRT R-26 cars are at Coney Island Yards to "break-in" BMT motormen in preparation for the BMT-IND R-27's.

ROCKAWAY DIVISION

As of 9/25/60 the Rockaway "Round-Robin" leaves Euclid Avenue DAILY 12:04 AM thru 3:44 AM; SATURDAY 12:04 AM- 9:44 AM & 6:44 PM--11:44 PM; SUNDAY 12:04 AM--9:45 AM & 6:44 PM--11:44 PM. The RR leaves Rockaway Park DAILY 12:12 AM--4:12 AM; SAT. & SUN. 12:12 AM--10:12 AM(10:13 AM-Sun.) and 7:12 PM--11:52 PM.

Through "E" trains to Far Rockaway pass Euclid 8:19 and 8:39 AM; 5:01, 5:24, 5:43, 5:56, 6:08, 6:21 and 6:41 PM. Rockaway Park through "E" trains pass Euclid at 8:14, 8:35, 8:51, 9:15 AM and 4:55, 5:16, 5:35, 5:51, 6:04, 6:14, 6:28 and 6:48 PM. Through "E" trains leave Rockaway Park 6:59, 7:22, 7:42 and 8:02 AM and 3:46, 4:06, 4:22 and 4:42 PM.

NOTE: SIGNS: Willets Point is to be added to Destination signs on Flushing trains. Crescent St. is to be added to BMT R-16's.
