

SATURDAY

OCTOBER 25, 1975

In conjunction with the Annual Meeting a guided tour of the Boeing-Vertol plant in Eddystone, Pennsylvania, has been arranged. The Standard Light Rail Vehicle's for the Massachusetts Bay Transportation Authority in Boston and for the San Francisco Municipal Railway are now under construction at this plant. Plan to join us for this very interesting afternoon.

A chartered bus will depart the 30th Street side of the Penn Central/Amtrak 30th Street Station at 1:00PM. This will connect with the 11:00 AM train from New York City, scheduled to arrive at 12:40 PM. On the return from the Boeing plant the bus will stop at the Sharon Hill station of the SEPTA Red Arrow Division for those who wish to return to downtown via the streetcar - elevated route. The bus is scheduled to return to the Holiday Inn at 13th & Walnut street at around 5:00 PM. Fare for the outing is \$ 4.00. Tickets are limited.

ELECTRIC RAILROADERS ASSOCIATION, INC. - Trip
145 Greenwich Street, New York, N.Y. 10006
